TWIN FLAME'S INFLUENCE IN WORLD AFFAIRS

My dear beloved spirit family,

Things are heating up, aren't they? And what a wonderful opportunity to bring the real to this dimension.

Only love is real, dear ones, and many of you have been consciously and deliberately creating more of the substance of love with your Beloved in your Twin Flame Heart Womb. You've been using this substance to attune the very electrons of given situations, conditions, and people to their true and highest identity. We are now being asked to deliberately create love through this process and deliver it to the world *right now* with such intensity that it becomes your VOTE, your great "YES!" for what lies ahead. (If you do not already know how to do this, you can access help through the *Twin Flame Meditation CD; Living the Divine Heart* - available on my website: <http://www.angelinaheart.com>)

In the U.S., it is election day and the next figurehead of the country will be determined. Whoever takes the position, or the other elected positions at every level of government, this is your time to vote your "YES!" to love. No matter who pulls the strings, no matter who stands in what position, no matter what country or military situation, YOU HAVE THE RIGHT, POWER, & AUTHORITY to bring that aspect of God to its highest vibratory potential in love. This will require seeing past the illusions.

It's not a matter of voting between the greater of two greats, or the lesser of two evils. That is duality consciousness. Through your magnificent Twin Flame Heart and your love-making abilities, you have an opportunity to dissolve the illusion. Every single aspect of God evolving upon this planet in this dimension responds instantly to LOVE because it recognizes it's own truth in that vibration. You are the Divine Mirror reflecting the perfection of everything that comes before you.

This applies to the world economic situation as well. Bring this constant emanation of unlimited abundance and peace to not only the economy of the U.S., but to the world economy. Money is only energy and the energy of God's limitless abundance is the truth you deliver through your love. The fear that drives the current market is consuming itself and this is an opportunity to resurrect the world economy with the one true substance of abundance. That energy is called "love" - no matter what

manifest form it takes, there is still only one thing that is real. Know this, trust this, and bring the consciousness of it to this precious world with every single beat of your Twin Flame Heart!

To be this constant emanation of love with each and every heartbeat, you must allow your heart-field to take the lead. Gently and lovingly silence the frightened voice of your ego that is ever attempting to snare you with fear. You are the great co-creator of everything you experience. You - in God; God - in you, as you, in this dimension. When you see only God before you, how easy it is to love with all your heart, with all your gratitude. Dissolving the illusions and holding a perfect mirror of love to all the symbols of this world is what you agreed to do the moment you remembered your Twin Flame Heart.

Such a sacred opportunity, dear ones, and you are the magnificent beings who will now tip the scales. May I take this moment to send each of you the fullness of my love and gratitude for the service you've taken upon yourselves. You were born to love.

UNITY CONSCIOUSNESS

The ancient song of true love is ringing in your DNA so loudly that you can no longer dismiss it. It is your call to remember unity on every level. And unity, dear ones, does not mean a return to no-

thing-ness. Unity is the pure state of consciousness in which you are *both* the living river of love *and* an individual expression of that love. You have the opportunity to take all the knowledge you've garnered in this experience of duality to a new level of consciousness in non-duality; to take the extreme lessons which have taught you how to wield your own power of co-creation responsibly out of the nursery and into the real.

The fastest way to "get your driver's license" is to embody the consciousness that you are neither separate from God, nor separate from any part of God. You will open yourself up to "driving the creation" when you have full, unconditional positive regard and love for every aspect of the whole. Your greatest wake up call was the profound longing to join with your beloved Twin Flame, and discovering that your Twin was God within you in your complementary energy form. What you longed for was union with God. And when you love God, as you, in your complementary energy form with absolute abandon, then you will find it out-pictured as the symbols in your world, which may or may not be the fullness of your Twin Flame embodied. But the symbol of another before you will ALWAYS act as a mirror to your own level of consciousness.

"Seek first the kingdom of God, and all else shall be added unto you," were not words spoken lightly. Regardless of your definition of GOD, once you remember you are not separate from that Original Source, you can easily find it within yourself as you can in some far away, unreachable kingdom you've only been told about through religious constructs.

IT IS HERE, IT IS NOW, AND IT IS YOU!

LIVE EVENT CREATING THE GREAT REALITY; THE GATHERING

In March of 2009, the World Puja Network will be hosting an unusual sacred gathering of global spiritual visionaries who will act as mid-wives to birth the great new reality.

As the phoenix rises from the ashes on the inner planes of consciousness, so shall it set the pattern in the larger matrix world-wide, and those who are consciously working with the Twin Flame Heart Womb will be asked to carry the magnification of that perfect pattern through the network of love.

Normally the World Puja events are available to thousands of participants, but spirit has directed otherwise this time. Registration will be limited to only 200 people, and if you feel compelled to be part of this primary circle of energy, please log onto <https://www.worldpuja.org/ashland.php> and look at the details. The gathering will also be filmed and made available at a later date. Only you can ask your heart of hearts if you need to be there.

I will be one of the presenters, and will make myself available for personal visits for those who so desire.

TWIN FLAMES; THE REAL DEAL as presented on the World Puja Network

There was such world-wide response to our four part radio broadcast of *Twin Flames; The Real Deal*, that we have decided to make it available in CD format. If you missed the broadcasts you now have an opportunity to own the full series for listening and re-listening at your convenience. The information available in these four CD's is equivalent to a weekend workshop and available for considerably less money! We expect the release of the series by the end of November and will notify you just as soon as they hit our warehouse.
